

CAPABILITIES STATEMENT

OVERVIEW

App Maisters is a software development company that specializes in providing high-performance Web, Mobile, Cloud & BI Solutions; designed to meet Commercial & Government clients' needs. On average, our Digital Transformation Services have increased employee productivity by 75% and reduced operating cost as much as 60%. We also help companies digitize and automate their work processes. This allows them to gain a competitive edge and help increase their market share. We have provided these benefits to Fortune 1000 companies as well as small to midsize companies and a few Government agencies. Our clients include well known companies like Stryker, Chemours, Montplast, Share One, University of Texas & Department of Defense, Department of Agriculture USDA. AppMaisters has also been added as a provider to the NASA SEWP Contract. Our team has successfully built & deployed over 400+ projects across 25 different states and that speaks volume about our experience.

KEY DIFFERENTIATORS

- **Experience :**
