OVERVIEW

App Maisters (ISO 9001 & ISO 27001 Certified) is a leading digital solution provider specializing in delivering high-performance AI, Web, Mobile, Cloud, and Business Intelligence (BI) solutions tailored to meet the needs of both government and commercial clients. Our Digital Transformation Services consistently drive a 75% increase in employee productivity and up to a 60% reduction in operating costs. We empower companies by digitizing and automating work processes, providing them with a competitive edge and enabling market expansion.

With a proven track record of delivering over 500 solutions, App Maisters serves a diverse range of clients, including federal, state, and local agencies, as well as small and midsize businesses and Fortune 1000 companies.

Some of our notable clients include the USDA, Johnson County, Kansas, City of Vail, Colorado, Metro Health, Ohio, Texas A&M University, UT Health, University of Minnesota, Utah State University, University of Oklahoma, University of California, San Francisco, Stryker, Chemours, Montaplast, and many others. Our solutions have been deployed across 25 states, reflecting our broad reach and impact. App Maisters is also an SBA 8(a), MBE, and Texas HUB-certified company.

KEY DIFFERENTIATORS

- **ISO 27001 & ISO 9001 Certified:**
Our ISO 27001 (Information Security) and ISO 9001 (Quality Management) certification demonstrate our commitment to the highest industry standards in security, quality, and compliance.
- **500+ Digital Products and Solutions:**
We have successfully delivered 500+ digital products and solutions, from emerging technology apps to enterprise productivity tools to major agency websites. Our solutions are designed to drive growth and productivity.
- **Over a Decade of Expertise Delivering Excellence**
Backed by 10+ years of experience, we bring deep industry expertise, proven methodologies, and a commitment to delivering innovative solutions that drive measurable results and long-term success.
- **Reduced Risk:**
With a speedy and efficient delivery we reduce risk and provide time to value and as our team ensures potential risks are valuated at every stage to make it a swift outcome.
- **One Partner for All:**
Avoid multivendor inefficiencies. Our team is complete to provide end to end solutions.
