CAPABILITY STATEMENT

app maisters ®
Trusted Digital Transformation Partner

OVERVIEW

App Maisters Inc., headquartered in Houston, Texas, is a leading AI-driven digital transformation company delivering innovative technology solutions to startups, enterprises, healthcare organizations and government agencies across the United States. With over 10 years of experience and more than 400+ successfully completed projects, we specialize in AI consulting and implementation, custom software development, mobile applications, enterprise integration, cloud solutions, and advanced analytics building secure, scalable, and intelligent systems that modernize operations and drive data-driven decision-making.

ISO 27001 and ISO 9001 certified, and recognized as an SBA 8(a) and MBE certified company, App Maisters is a trusted partner to organizations such as USDA, Johnson County Kansas, City of Vail Colorado, MetroHealth Ohio, Texas A&M University, UT Health, University of Minnesota, UCSF, Stryker, Chemours, and many others. We combine strategic insight with technical excellence to help organizations accelerate innovation and lead confidently in an AI-powered future.

KEY DIFFERENTIATORS

- **ISO 27001 & ISO 9001 Certified:**
  Our ISO 27001 (Information Security) and ISO 9001
  (Quality Mangement) certification demonstrate our commitment to the highest industry standards in security, quality, and compliance.
- **500+ Digital Products and Solutions:**
  We provide 500+ digital solutions, from apps to enterprise tools, designed to drive growth and enhance experiences.
- **Over a Decade of Expertise Delivering Excellence**
  Backed by 10+ years of experience, we bring deep industry expertise, proven methodologies, and a commitment to delivering innovative solutions that drive measurable results and long-term success.
- **Reduce Risk:**
  With a speedy and efficient delivery, we reduce risk and provide fast time-to-value to step-out to the rapidly evolving market.
- **One Partner for All:**
  Avoid multivendor inefficiencies. Our team is complete to provide end to end solutions.

CORE COMPETENCIES
SERVICES AND SOLUTIONS

AI & BUSINESS INTELLIGENCE

We deliver next-generation AI and Business Intelligence solutions that transform complex data into intelligent, real-time decision systems. Leveraging cutting-edge AI architectures, autonomous agents, and modern cloud data platforms, we enable organizations to drive innovation, automation, and measurable business outcomes.

- AI/ML Strategy & Implementation
- Agentic & Autonomous AI
- Generative AI & LLM Solutions
- AI Copilots & Conversational AI
- Predictive & Prescriptive Analytics
- Computer Vision & Multimodal AI
- Real-Time BI & Decision Intelligence
- Cloud Data Engineering & Lakehouse

MOBILITY

We specialize in developing Desktop, Native, and Hybrid applications, with a proven track record of delivering solutions for organizations like the USDA, UT Health, Texas A&M, Stryker, and others.

- Enterprise Application Development
- Mobile Application Development (iOS, Android & Hybrid.
- Architecture solution Design & Development.
- Commercial Off the Shelf (COTS)Enterprise App Integration

CLOUD

Our engineering teams are cloud experts. We have deployed scalable cloud-based solutions for organizations across industries, including leading enterprises and fast-growing businesses.

- Cloud Infrastructure & Roadmaps Consulting
- DevOps & Automation
- Managed Services
- Native Cloud Application Development
- Cloud Migration

WEB

App Maisters' designers & engineers have expertise in developing and deploying large-scale responsive websites & solutions for all sized companies. We also have expertise in Content Management Solutions like Wordpress, Drupal & Umbraco.
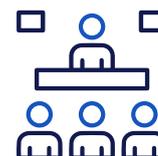

- Web Development
- PHP Development
- Java Development
- Internet of Things
- AI/ML Integration

STAFF AUGMENTATION

Our Staff Augmentation services provide skilled professionals to seamlessly integrate into your teams, ensuring efficiency, flexibility, and cost-effective scaling.

- Access to Top Talent
- Flexible Engagement Models
- Cost-Effective Scaling
- Faster Hiring & Deployment
- Seamless Integration
- Risk Mitigation

SOLUTIONS & PLATFORMS

- Mass Notification
- Risk Intelligence
- Crisis Management
- Clinical Care Coordination
- Public Warning
- Digital Theraupatic Platform
- Mental Health & Wellness Platform
- Geospatial/GIS Solution

EMERGING TECHNOLOGIES

Our team specializes in providing cutting-edge digital solutions by leveraging emerging technologies to drive innovation, enhance operational efficiency, and deliver transformative experiences across industries

- Artificial Intelligence (AI)
- Blockchain
- AR/VR/Extended Reality (XR)
- IoMT (Internet of Medical Things)
- Embedded AI in Devices
- Edge Computing

MaiSTERS LABS

MaiSTERS Labs is the innovation and research arm of App Maisters. We collaborate with government agencies, educational institutions, healthcare organizations, and community partners to explore how AI and emerging technologies can solve real-world challenges. Our focus is on developing and piloting cutting-edge solutions, validating concepts, and transforming research into secure, scalable, and practical platforms.

- AI & Machine Learning Applied to Public Services
- Data Science & Predictive Analytics for Better Decision-Making
- Public Sector Innovation Labs & Pilot Programs
- Smart City, IoT & Infrastructure Research
- Health, Safety, and Community-Focused Technology
- Digital Learning and Academic Technology Pilots
